

Book reserve duty

The screenshot shows a web interface for booking a reserve duty. On the left is a navigation menu with links: Home, Find duties, My duties, My profile, Manage events, Admin panel, and Logout. At the bottom of the menu, it says 'Software developed by James King' and 'PHE 0024202 Software'. The main content area is titled 'Test Event #2 - Book reserve' and shows the event date and time as '31/12/2024 - 08:00 - 16:05'. Below this is a form with the following fields: '*Start time:' with a value of '31/12/2024, 08:00', '*End time:' with a value of '31/12/2024, 16:05', and '*Role preference:' with a dropdown menu currently set to 'Operational First Aider'. A yellow 'Book duty' button is located at the bottom of the form.

Booking a reserve duty is similar to that of booking a requirement based duty.

Fill out the form with your desired start and end time, then select which role you wish to act as from the dropdown. Then, click 'Book duty' to save.
