

Cookies & Privacy Policy

IMPORTANT: This page contains the privacy and cookie policy you agree to by using SJAG Events. This is displayed on the website on the [About](#) page, and upon your first login you will be prompted to read and agree to the policy. If the policy changes, you will be prompted to agree to it again.

SJAG Events has been designed with your privacy always in mind. As such, this system tries to collect as little data on you as possible. Below is a full explanation of what data we collect, how it is used, stored, and displayed, and the cookies on this website.

As of January 27th 2026, SJAG Events and all associated data is now hosted on a St. John owned server.

Cookies

When you use SJAG Events, your browser will be set with cookies from two websites:

<https://SJAGE.JamesDev.co.gg>

Cookies set by this website are essential, and are required to allow you to login. Essentially, these cookies allow the website to know you are you, and that you have logged in between pages. Otherwise, you would need to login every time you switched paged.

<https://Analytics.JamesDev.co.gg>

~~Cookies set by the analytics website allows me (the developer, hello!) to better understand how this website is being used. The data generated by this system is 100% anonymous and cannot be linked to a user on the system. Additionally, because the analytics system I use is hosted on my servers, as opposed to other options such as Google and Facebook, the data generated from this cannot be used to track your activity on other website, and is not used to target adverts to you.~~

Analytics is no longer collected, some metrics, however, are still logged for the purposes of system monitoring.

Data collection and usage

For the operation of this website, the the following personal data is collected:

- Your email address
- Your first name
- Your last name

Your first and last name is visible only to other logged in users on the system. For regular users, your email address is only visible to admins, your event organiser (Phil Ozanne), and the youth team if you are a cadet. If you are an event organiser, your email address is visible to logged in users in order to contact you regarding an event.

SJAG Events falls under the main St. John Charity Guernsey privacy policy, details of which can be found at www.stjohn.gg/privacy-policy.
