

# The home page & side bar

The screenshot shows the SJAG Events home page. At the top left is the St John Guernsey Charity logo and the text 'SJAG Events'. On the right of the top bar is a notification bell icon. The left sidebar contains the following menu items: Home, Find duties, My duties, My profile, Manage events, Admin panel, and Logout. The main content area features a banner image of a group of people in green uniforms with the text 'Good night Reg.'. Below the banner, there are sections for 'Your upcoming duties' (stating 'You have no upcoming duties'), 'Recently added events' (with three blurred event entries), and a yellow 'Show upcoming' button. At the bottom left of the page, it says 'Software developed by James King PRE-RELEASE SOFTWARE'.

SJAG Events is primarily navigated using the left side bar, this contains links to the major actions of the website. The contents of your side bar will differ slightly, depending on what system roles you have. Clicking on any of the buttons will take you to the associated page. Clicking on the lowermost button, below login, will show the 'about' page.

On the homepage, your closest duties will be displayed. Additionally, you can also see events that have been recently added to SJAG Events, and upcoming events.

The bell in the top bar opens your notification inbox. When you have unread notifications, the bell is read, when your inbox is clear, it is green.
